

Two Child Limit

These rules affect anyone who is receiving or making a new claim for:

**Child Tax Credit / Housing Benefit
or Universal Credit**

who have two or more dependent children.

They will not receive any extra benefit for a third, fourth, fifth etc child born on or after 6th April 2017 unless one of the exceptions applies (see over).

These rules can also affect two families who join together to become one family.

The rules are very complex.
